

Chengzi Institute's ONLINE SPANISH LANGUAGE COURSE is innovative in its methodology and technology specifically adapted to online teaching and learning. Classes are 60 or 90 minutes (including a few minutes of preparation before and wrap-up after each class), three or two days per week, for groups of generally 2 to 8 students, depending on the age group. Larger sized classes for adults are available for pre-formed groups. The course content, methodology, materials and assessment are adapted to online teaching and there is little or no dependency on translation. We specialize in Levels A1 to B1 online, but we offer all levels A1-C2 of the Common European Framework of Reference for languages and the Instituto Cervantes Curriculum. Chengzi Institute professors are highly accredited in teaching Spanish.
