SEVILLE

Seville became the gateway to the New World in 1492 and today is a World Heritage Site. After Barcelona and Madrid, it is the most visited city in Spain. Students who wish to experience typical local expressions and immerse themselves in authentic Spanish culture have come to the right place.

In Seville, the sun shines almost all year round, making it a paradise for hikers and cyclists. Temperatures are generally mild throughout the year, with very hot summers. It is the epicenter of our company and home to our largest Idiomas Carlos V school, founded in September 2014.

MALAGA

Málaga is the heart of the famous "Costa del Sol," where tourists from all over the world come to discover the city and its monuments, as well as to spend hours on its beautiful beaches. It is a city with a lively social life, providing many opportunities to practice Spanish with friendly locals and relax by strolling along the coast and through streets filled with flowers.

Our Idiomas Carlos V school in Málaga offers a wide range of foreign language courses and regularly hosts groups of students and teachers interested in cultural and professional programs.

MADRID

Madrid is a vibrant city and the largest in the country. Here the students will find tradition, history and modernity in every corner. Besides being the capital, it is a cosmopolitan city where the students will have the opportunity to interact with people of different nationalities, enriching their experience.

Madrid is a very popular destination for our summer and school programs. Our school Idiomas Carlos V Madrid is just a 15-minute walk from the Retiro Park, making it an ideal location to explore the city's charms on foot.

ACCOMMODATION

We offer different types of accommodation for our students.

The accommodations we recommend are visited in advance by our team of professionals, who make sure that students are in a safe and welcoming environment. Depending on the destination you choose, you can decide between several modern residences or homestays, both with full board included.

Over the years we have become very close with our residences and host families to guarantee maximum security, trust and professionalism.

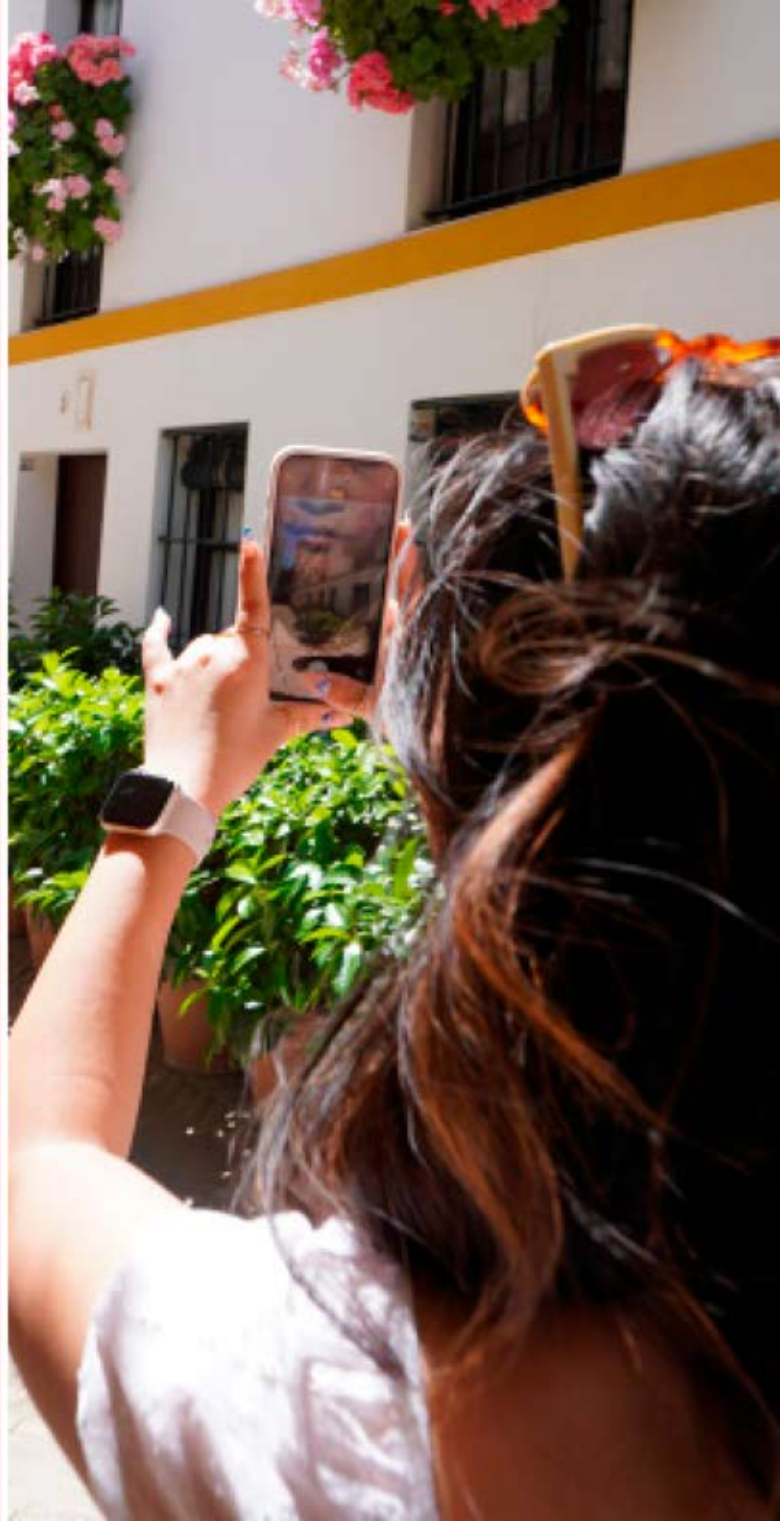

By guaranteeing the best accommodation options, our goal is to make students feel at home.

CULTURAL ACTIVITIES

Participating in the activities that make up the local culture is essential to enrich the students' experience. For this reason, we include a variety of activities in our programs.

We offer them the opportunity to participate in flamenco workshops to learn some steps with native teachers, as well as to attend an authentic flamenco show.

We also give them the opportunity to learn how to cook traditional Spanish dishes such as paella, followed by a tasting. On the gastronomic side, a trip to Spain is enriched with unforgettable culinary experiences, such as a night of tapas in the city. In addition, for those interested in soccer, there is the possibility of attending a local match during their stay. These activities, along with visits to monuments and cultural attractions, make the experience of traveling with us even more special.
